

Maklaro

Field active:	Market place / Platform
Description:	<p>Maklaro is a real estate broker that offers real estate sellers a free all-round service . This begins with a free evaluation of the property on site by an independent expert organization . Based on the real estate valuation including a realistic estimate of the market value, the Maklaro team creates a professional and sales-promoting exposé for the marketing of the property on numerous real estate portals . In addition, the object is advertised on the common social media channels . The subsequent prospective customer management and the implementation of the Sightseeing appointments are handled by the team of experts for the property owner. Always accompanied by a real estate consultant from Maklaro, the entire sales process runs smoothly, professionally and quickly. The successful sale is in the end nothing contrary</p>
